## PW2204 — La Mancha North Subdivision Drainage

Drainage improvements are set to take place along local roads in the northern La Mancha neighborhoods, with the goal of enhancing the overall infrastructure and ensuring better water management in the area. The majority of the work will focus on improvements within the road itself, where new drainage systems will be installed to address current issues and help prevent future problems. To connect the new drainage pipes to the existing system, some minor excavation and restoration work will be carried out within the grassed Right of Way areas. This step is necessary to ensure the smooth integration of the new pipes, while maintaining the integrity of the surrounding environment.

The bidding process for this project has been successfully completed, and construction is scheduled to begin in January 2025. Once the drainage work is finished, there will be strips of replaced roadway on either side of the affected areas. However, a more comprehensive resurfacing project is planned for the first quarter of 2024, which will cover the entire affected area. This full resurfacing effort will not only restore the roads to their original condition but will also further improve the driving experience and ensure the long-term durability of the roadways. The combination of these drainage improvements and resurfacing efforts is expected to significantly enhance the functionality and longevity of the infrastructure in the northern La Mancha neighborhoods.

We kindly ask residents to remain patient as we complete the pre-bidding process in Q4 2024 and prepare to begin construction in late Q4 2024 or early Q1 2025. Please see below for a QR code to access an interactive map of the project.

## Village Office Closures: Christmas Eve & Christmas Day

Village Offices will be closed on Tuesday and Wednesday, December 24th and 25th, in observance of Christmas.

# News from PBSO District 9

As the holiday season fills our community with joy and celebration, we would like to remind our residents of the importance of staying safe during these festive times. Ensuring your well-being is our top priority.

Please keep the following safety tips in mind:

- Always lock your vehicles and homes, even if you are stepping away for just a moment.
- Be cautious with holiday lighting and decorations; ensure that all installations are secure and that electrical systems are safely managed.
- If you plan to travel, make your home look occupied by using timers on lights and having a neighbor or friend collect your mail.
- Avoid posting travel plans on social media to keep potential thieves from targeting your unattended home.

As always, our deputies are patrolling the community and are available should you need assistance. We encourage you to reach out with any concerns, or if you observe suspicious activities. Together, we can keep Royal Palm Beach safe and secure.

Wishing you a safe, peaceful, and joyful holiday season.

Captain Ulrich Naujoks and the Staff of PBSO District 9
