News from PBSO District 9

Palm Beach County Sheriff's Office URGES Fireworks Safety

The Palm Beach County Sheriff's Office is urging residents to think about safety as they make plans to celebrate the "Fourth of July."

Every year thousands of people and animals are killed or critically injured by fireworks. Keeping pets/animals comfortable is important! Please house pets in an area where they feel safe. Make sure fields and stalls are free from hazard(s) for horses, cattle and other animals. If necessary, contact your veterinarian and inquire about giving horses and/or pets a sedative to help keep them from hurting themselves. Take the time to check all fence lines and door latches to insure animals/pets cannot get loose.

Firework can result in severe burns, scars and disfigurement that can last a lifetime.

Note— Per Florida Statute 791.08, the only days fireworks are allowed to be used without a permit are New Years Eve, New Year's Day, and Independence Day.

791.08 Use during designated holidays; exemption.—

(1) As used in this section, the term "designated holiday" means:

- (a) New Year's Day, January 1
- (b) Independence Day, July 4
- (c) New Year's Eve, December 31

(2) This chapter does not prohibit the use of fireworks solely and exclusively during a designated holiday. This section is not intended to provide for the comprehensive regulation of fireworks as described in s. 10(5), chapter 2007-67, Laws of Florida, or to supersede any local governmental regulation relating to the use of fireworks as provided in s. 10(5), chapter 2007-67, Laws of Florida.

(3) The Legislature does not intend for the application of this section to supersede any prohibition against the use of fireworks contained within a legally executed and properly recorded declaration of covenants or covenant running with the land of any homeowners' association pursuant to chapter 720. However, a homeowners' association, through a board of directors, may not promulgate rules that attempt to abrogate a homeowner's right to use fireworks during a designated holiday or under general law.

Some examples of restricted fireworks:

- Common Bottle Rockets	- Firecrackers (Rolls)	- Standard Fireworks
- M80's with Mortar	- M80's	- Projectile Fireworks
- Launchable Rockets with Stands		

(The above listed items are only a few common samples that are prohibited for use most of the year.)

- WARNING -

YOU SHOULD NOT SIGN "WAVERS" in order to purchase fireworks. A "waver" will not clear you of responsibility should you be caught using illegal fireworks. The Palm Beach County Sheriff's Office will be enforcing the use of legal fireworks. Using fireworks illegally is a first degree misdemeanor punishable by up to one year in jail and a \$1,000 fine.

If you are using fireworks on one of the days exempted by law, or using "legal" sparklers, novelties and trick noisemakers there is still a risk of injury. When lit, all fireworks, including sparklers can reach temperatures between 1200 - 2000 degrees.

Follow these precautions to celebrate safely:

- Use fireworks and other novelties on a flat, hard surface. Do not light them on grass.
- Be aware of the area where your fireworks are being launched towards, and any hazards present there, such as people or flammable materials.
- Use fireworks in an open area. Keep children and pets away from all ignited fireworks. Also keep in mind that livestock such as horses, cows, etc. can also be frightened by fireworks.
- Light only one item at a time and **never attempt to re-light a dud.**
- Don't purchase or use any unwrapped items or items that may have been tampered with.
- Keep a fire extinguisher or water hose on hand for emergencies.

The Palm Beach County Sheriff's Office wishes you a safe "Fourth of July."

Parks And Recreation

**Royal Palm Beach
Lion Country Safari**

Date: Monday, 7/22/2024
Time: 10:00am
Depart location: Royal Palm Beach Cultural Center
Fee: \$10.00

Engineering

Commons Park

The lighting at the Commons Park golf range has undergone a significant upgrade with the installation of new fixtures that boast a more aesthetic and compact form factor. These improvements not only enhance the visual appeal of the lighting but also promise greater energy efficiency, resulting in better illumination and reduced energy consumption. The finished pictures are on the right. The lights on the poles have also been completed, ensuring a comprehensive update to the entire lighting system. This modernized, efficient, and visually pleasing lighting infrastructure now extends throughout the Commons Park golf range.
